## GREEN RIVER BRIDGE BURNED.

Early Tuesday Morning—Supposed to Be the Work of a Fire Bug.

The bridge over the Columbia and Campbellsville turnpike, spanning Green River, burned early Tuesday morning, the fire supposed to have been of incendiary origin. We learn from Mr. J. B. Barber, proprietor of the Columbia and Campbellsville Stage Line, that when his mail wagon reached the bridge at 4:30 o'clock Tuesday morning, the driver Mr. John Stone, discovered the fire, which was only on the Columbia end, and seeing that he could cross, dashed into the bridge. After crossing he drove rapidly to the stable barn and informed the hostler and Mr. Henry Sublett of the fire, but when these gentlemen reached the scene the conflagration had gained such headway that the structure was doomed.

The burning of the bridge will be a very serious delay to the business interests of this section, but the mail, passengers and express will be carried across the river in a canoe, the hacks meeting the traffic on either bank. We learn that a ferry will be built as rapidly as possible.

At the hour of going to press we can not learn whether the bridge will be rebuilt or not, but the supposition is that the Turnpike Co. will immediately perfect plans for a new structure.

## STATEMENT FROM PAUL AZBILL.

Mr. Paul Azbill returned from Detroit last Saturday evening, and in conversation with a news man, gave the following statement concerning the automobile accident in that city, in which he was an occupant in the car, and which was published in an ugly light in a Louisville paper on December the 18th. The report that reached the paper was far from being correct, and Mr. Azbill's statement is here given, that the truth may be known. "Mr. Scringer and wife, of Detroit, were in the front seat. Mr. Day, of Detroit, and myself were on the back seat. The man was struck because he lost his presence of mind, and jumped in front of the car. Mr. Scringer thinking to protect his wife from the publicity of such an accident, drove on some distance, placed her on a street car and returned to the scene of the accident. The attempted concealment of his wife's presence occasioned the fiction that was circulated through the newspapers."

## CAPTAIN PEACOCK SOLD

Mr. W. L. Grady Sells His Fine Young Stallion to a Texas Man.

Mr. W. L. Grady, the owner and breeder of many fine Peacock horses, has just sold his beautiful and valuable horse, Captain Peacock, to W. W. Compton, of Honey Grove, Tex., for \$1000. Captain Peacock is a model in form and carries much rich blood in his veins as any horse in that state. He is only 3 years old but has won the blue from the Big Sandy to the Purchase, clearing the ring in his class every where he has been shown.

This sale is the best price ever paid for an Adair county horse of his age but while this is true, yet he is one of the best bred ones that ever left the county, or so far as that is concerned, that ever met the breezes of the Lone Star State. While Adair county parts from this promising young horse, there are still others left, and the gain in the deal favoring Texas, is a matter of pride and good business sense displayed by the purchaser. We congratulate both seller and buyer and if the people of Honey Grove fail to appreciate Mr. Compton's judgment and fail to tumble over one another in their effort to patronize such an animal, then we can only say that that section does not date back to its Kentucky ancestry. It is a deal that doubtless means much for the production of high-class horses in Texas.

Mr. J. P. Dohoney, Sr., who has spent several weeks visiting his daughter, Mrs. C. M. Murrell, in Elida, New Mexico, a short time ago, stated on his return that she was improved in health and was getting along as well as could be expected. She has been in delicate health for more than a year, and has tried different States to find an invigorating climate, and it is to be hoped that present indications will prove the boon of her desire and that of her husband, Dr. C. M. Murrell, who has made such sacrifice in business, to find a climate better suited for her ailments.

## NEARLY 23 HUNDRED DOGS.

Mr. M. C. Winfrey, who has been compiling the assessor's book, informs us that he has listed 2,246 dogs. The magisterial district composed of White Oak and Little Cake lead the county with 366 "pups." We dare say that if every canine in Adair county had been listed, it would have reached 3,000, the number of sheep.

## A GREAT COUNTRY.

Is Mr. G. W. Robertson's Opinion of New Mexico.

The following letter to Mr. B. F. Neat, of Neatsburg, from Geo. W. Robertson, of Elida, N. M., is chock full of information in regard to the land which is drawing so many good citizens away from Adair county.

Elida, N. M., 12-12-06.  
MR. B. F. NEAT,  
Neatsburg, Ky.

MY DEAR SIR:  
Your letter of recent date making inquiry concerning the prospects of this country, to hand, and I will answer the best I can.

Elida has doubled in population since July the 1st, and yet people are flocking in from everywhere. The real estate men say the land for 20 miles in every direction has been filed on, but that relinquishments can be bought for \$100 to \$1,500, owing to the location, and deeded land from \$1,000 to \$5,000 improvements and location considered.

Now Mr. Neat, you ask my opinion? I am well pleased with the country, and to prove my faith, will say, I am investing in town and have a bid on 320 acres of deeded land, and am only afraid I will not get it. Of course I do not want any of my friends to act from what I say, but I do not think any man would make a mistake in coming here. One piece of deeded land 1 mile East of town sold last Saturday for \$3,400.

Our bank, The First National, which opened its doors on the 28th of May, now has a deposit of \$70,000. If you come we want your business, and I guarantee you will be treated right. I will be in Kentucky in January or February for a short visit.

I will send you a statement of Mr. Frank Taylor's who lives two miles East of Elida, and who sees what he says of this country. Corn is selling at 60¢ per bushel; Kafir corn at \$6 per ton. By diligent inquiry I have learned that we can grow everything here that Kentucky produces, except grass and tobacco. It is claimed that New Mexico will be a cotton producing State, one man getting a bale this year.

My house is completed, and is being occupied by the Grissons boys and their sister, until they get a dwelling erected, after which it will be used by my son, Fred. My house is open to all my Kentucky friends. Regards to all,

G. W. ROBERTSON.

## BURLEY GROWERS ORGANIZE.

The farmers of Metcalfe county met at the court-house in Edmonton, December 25th, and organized a Burley Tobacco Growers' Association, with A. J. Thompson, President; H. E. Hamilton, Secretary and L. W. Garmon, Treasurer. Messrs. J. A. Hamilton, Sr., T. T. Mitchell and W. D. Kinnaid were elected grading commissioners. Great interest was manifested by the splendid crowd in attendance. There are men in the organization with ample means to carry the move over one year, two years, or if necessary, five years, and even longer.

## WORK OF AN INCENDIARY

Was the Burning of the Business House and Store at Mell, Ky.

The store building and its contents, belonging to the Farmer's Mercantile Co., at Mell, was destroyed by fire last Monday evening. Our correspondent at that point writes us that it was the work of an incendiary, and that the proprietors, Messrs. O. B. Finn, L. C. and R. D. Dohoney telephoned to a number of points for bloodhounds, finally locating a pair at Lexington belonging to a Mr. Mulligan, but they arrived to late to get on the trail.

The loss on building and stock of goods will reach \$16,000, with no insurance, as the firm had been in business less than one year, and it was impossible to get a contract.

As above stated, the firm had been in business only a short time, possibly three months, but in this short period had succeeded in establishing a good trade, and prospects were very bright for a large business.

## TENDERED RESIGNATION.

Mr. Woodruff Flowers, one of the best young men in Adair county, who has been with the News for nearly two years, severed his relationship with newspaper on December 1st, and left January 1st, to attend a Medical College in Louisville. His stay with the News was pleasant, and while we regret his departure, and while newspaper work in every department needs such men, yet his decision will doubtless lead to more profit, and as broad or broader sphere of usefulness.

Knowing him to be a rigidly honest, a close student and a constant worker, combined with energy and good moral habits, we predict success to him in his chosen profession. Our good will attend him.

## FOR SALE.

My store house and stock of goods and dwelling about 2 acres land; a fine stock and tobacco barn on the premises in the town of Gradyville, Adair county, Ky. I have a good going business, any wishing to go into the goods business can find a better location in Adair county, Ky. My reason for selling, I am going West. Will sell as a whole or in part. No one has ever done business at this stand but what has made money, I refer you to J. T. Kemp, Bradfordville, Ky., J. N. Coffey, Columbia, Ky., or H. C. Walker, Gallion, Ala., or E. H. Hughes, Quanah Texas. If you mean business address me at Gradyville, Ky.

## MISSIONARY RALLY.

At Gradyville Saturday Evening and Sunday, December 22nd and 23rd.

## BIRTHDAY DINNER.

Last Christmas day was the 44th birthday of J. W. Morrison, of this city, and combining the events of that eventful day he was served with a delicious dinner at his home, several friends being present.

The greatest surprise on the part of the company in the form of an 8 pound watermelon, saved for that purpose, by Mr. Frank Shepherd, of Cave Valley, who was present to enjoy the dinner, and share in the good will of Mr. Morrison in his advancing years. The melon was sweet and delicious and so perfect that it would have kept much longer. It is a rare occurrence to eat watermelon on Christmas day.

## A GENEROUS MAN

Who Believes It Is More Blessed To Give Than Receive.

Since the acts and deeds of the many givers in Christmas times are so narrowed down to the narrow limits where personal favors may be expected in return, or where family ties enter, we feel that it is but justice to make public and command any one who departs from this seemingly selfish living, and in accord with this feeling and our knowledge, we desire to say that Mr. J. S. Stapp has evidently set an example for this community, and gave full and complete evidence of his liberality and good will for others outside of his immediate care. In advance of the holidays he purchased a large box of beautiful pictures, in neat frames, bibles and other books, and for more than ten days the distribution went on. Just how and where he placed his many gifts is not known to us, but he placed them as in his judgment, he deemed best, and doubtless accomplished much good in so doing.

## EXCELLENT DINNER.

Mr. and Mrs. Allen Walker gave a Christmas dinner to six of their friends that was presided over by Mr. Walker's father, Mr. J. D. Walker, of this city. The select few less one met at the appointed hour at their beautiful home on Greensboro street, and spent several hours in social conversation, and participated in one of the most excellent feasts of the Christmas holidays. It was a most enjoyable evening to all present, and the manner in which they were entertained bespoke the delight of those who gave it. Those fortunate enough to answer by their presence, were Hon. J. F. Montgomery, Judge W. W. Jones, J. O. Russell, R. F. Paul and Mrs. James Garnett. The absent one was the unfortunate, but truly appreciated the invitation that was extended to be a part of the merry feast.

## PAGE & DOHONEY.

The above name represents the style of the drug firm of which Dr. J. N. Page and Mr. L. G. Dohoney are members.

Dr. Page has conducted a drug business in Columbia for a long number of years, hence is acquainted with nearly every one in the country, they all know that Doctor can be depended upon to accurately fill a prescription whether the occasion be a "propitious" one or not.

Mr. Dohoney, the new member, is a son of Mr. and Mrs. John C. Dohoney and a young man whose ability in his chosen line can not be questioned. Leonart is a graduate of the Louisville College of Pharmacy, besides having had two years experience with T. P. Taylor & Co., druggists, of Louisville.

Mr. J. B. Bell desires to return his thanks to those who presented his children with Christmas presents.

## A JOYFUL CHRISTMAS.

### Editor News:

My subscription to your valuable paper closes with the year, still I feel without it I would be lost from news from our neighborhood, and I ask for renewal for another year.

We were kindly remembered this Christmas with many presents, a few of which I will mention. A Christmas fruit cake weighing nine pounds; a large loaf cake; bed blankets and one barrel weighing 150 pounds from my son-in-law, C. F. McMullen, of Green-ville, Ark., containing about thirty oranges, figs, raisins, dates, grapes, all kinds of tropical fruits, coco, cream nuts, almonds, English walnuts and pecans. Candy of every description and many useful things.

I want to say through the News that I fail to find words sufficient to express my gratitude for such good friends, and to them for the kindness they have always shown me. NANCY J. DUVALL, Cane Valley, Ky.

MELVIN L. WHITE.

Prof. M. L. White, of Polkville, N. C., has been elected principal of Cliff-side Academy in Rutherford county. He has, also, been elected president of Rutherford County Teachers Association.

These were honors worthily bestowed. —Cleveland Star, Shelby, N. C.

Prof. M. L. White is visiting his old Kentucky home after an absence of several years.

He yearns for the land of blue grass.

—Cleveland Star, Shelby, N. C.

We give the above clippings and announce that Mr. White spent severa days in this section visiting many of his friend who were exceedingly glad to again meet him on the old stamping ground. His success and prominence in the State of his adoption bespeaks the worth of his ability and energy and

reflects credit on the county of his birth—Adair county, Ky., which has furnished many sections with useful men. Mr. White will ever have a warm place in the good will of the people of his old home and a hearty welcome on every return.

Miss Ola Wilson has accepted the position of Matron of Phillips Hall at the Lindsay-Wilson Training School. The management is to be congratulated upon securing the services of Miss Wilson in this capacity.

## SURPRISE SOCIALS GALORE.

Young People on Stanford Road Enjoy the Holidays.

The young people residing on the "Blossom end of Burton Ridge" have certainly been leading the strenuous life when it comes to enjoying Christ-mas to the fullest extent. Surprise socials are very much in vogue and when the roll was called not a single house between Russell's Creek and Garlin could be found whose walls had not resounded with the merry laughter of fun loving youngsters. The first of the series of entertainments was at the residence of Mr. and Mrs. Green B. Smith, Monday evening, December 24th; the next at Mr. and Mrs. Alfred Murrells; then at C. R. Roys' and wound up with Mr. and Mrs. C. S. Harris Friday evening. At every place the young people were delightfully entertained and will long remember the Christmas of 1906 as one of the most pleasant of their lives.

Mrs. I. S. Denny died at her home, just outside the city limits on the Gradyville road, last Wednesday afternoon. The deceased was a daughter of the late John Thurston, of Wayne county, and with her husband removed to this county several years ago. The interment was at Union church Thursday afternoon.

Mothers who give their children Kennedy's Laxative, (containing) Honey and Tar invariably endorse it. Children like it because the taste is so pleasant. It is the original Laxative Cough Syrup and is eminently for the relief of cough. Gets at the trouble and drives the cold out through the bowels. Conforms to the National Pure Food and Drug Law. Sold by Dr. J. N. Page, Columbia, Ky.

Another version has it that Bryant followed Burton home and received the shot for his trouble.

Dr. Taylor, the attending physician, says that Bryant is getting along nicely and he has no fears but that he will be out in a few days.

## THE AMERICAN MAGAZINE HAS CHANGED HANDS.

For 30 Years it Was Leslie's Popular Monthly.

Ida M. Tarbell, who wrote Lincoln and the famous "Story of Rockefeller;" William Allen White, the well-known Kansas editor; F. P. Dunne, creator of "Mr. Dooley;" Ray Stannard Baker, and Lincoln Steffens are under the leadership of John S. Phillips, now editing The American Magazine.

## SHOOTING NEAR PURDY.

Charles Bryant Slightly Wounded in a Fight With Heck Burton.

A shooting scrap at Purdy last Tuesday evening resulted in Charles Bryant being shot in both thighs.

There are several reports concerning the affair, but from the best information the News can get, the following version seems to be correct. The above mentioned parties were engaged in quarreling most of the afternoon, due to some extent to the influence of a mean quality of "booze," but were kept apart.

Late in the afternoon Bryant and his wife were passing Burton's home, when the latter rushed out to the porch and emptied a shotgun at Bryant with results as above stated.

Another version has it that Bryant followed Burton home and received the shot for his trouble.

Dr. Taylor, the attending physician, says that Bryant is getting along nicely and he has no fears but that he will be out in a few days.

## HATS OFF TO MAT MITCHELL!

There was never better conduct in Columbia and vicinity during any holiday than was witnessed last week. So far as we are able to learn only two or three fell a victim of a little too much of drink but beyond about two or three too many drinks no misconduct has been reported and peace and good will prevails. So unlike a year ago when every express wagon came in loaded with jugs, this time not a jug or bottle was seen. The law, the Mitchell law, prohibiting its transportation into local option territory, is proving of much worth to this section. To its author, Hon. Mat Mitchell, of Greensburg, we again commend to a grateful public.

## NO REST FOR CUPID

The Little Fellow Unusually Busy  
During Holidays.

County Clerk T. R. Stults and deputies were busy last week issuing marriage permits for the holidays. Among the December licenses we notice the following who were granted licenses to wed December 23rd, 26th and 27th.

### SQUIRES-SMITH.

At the home of Rev. W. S. Dugdene, the officiating clergyman, at Cane Valley, Mr. C. H. Squires and Miss Bertha Smith were united in marriage last Wednesday afternoon.

Mr. Squires is an energetic young farmer, a very popular gentleman and a son of Mr. and Mrs. Sam E. Squires, who live near Columbia.

The bride is a daughter of Mrs. Jessie Smith and a very popular young lady, who will be greatly missed from the social circles in which she moves.

### VAUGHAN-MURRELL.

Miss Josie Vaughan, of the Crocus Country, and Mr. Nathan Murrell, of near Columbia, were married at the residence of the bride's parents Sunday, December 23rd.

Mr. Montie Harmon and Miss Mary Shepherd, of the Green River section, were married at the bride's residence, Sunday, December 23rd. The contracting parties are very popular in their section and have a host of friends who wish happiness and prosperity throughout life's journey.

Marriage licenses were issued to Mr. Ezra K. Coomer and Miss Mamie Womack to wed Thursday the 27th of December and to Mr. K. W. Dudley and Miss Avis E. Rodgers to be married at the residence of the bride, Sunday, December 23rd.

The News extends the usual congratulations and trusts that unalloyed happiness may always be theirs.

### THE EVENING POST.

By special arrangement we can furnish you The Adair County News, The Daily Evening Post, Home and Farm all for one year and The Kentucky Governors Wall Chart for \$3.75. This is one of the best propositions in the newspaper world. Send all orders to The News, Columbia Ky.

### BUYS RESTAURANT.

Mr. J. B. Rasner, of Esto, Russell county, has purchased the restaurant and grocery business of Mr. Walter Sullivan, next door to Citizens' Bank, and is ready for the trade. Mr. Sullivan has removed his family to the Capt. W. W. Bradshaw property near Dr. O. S. Dunbar's residence.

## THOUGHTS OF THE NEW YEAR.

LILLIAN GRAY.

Let us walk softly, friend,  
For strange paths lie before us all  
untried;  
The new Year, spotless from the hand  
of God,

Is thine and mine, O friend.

Let us walk straightly, friend,  
Forget the crooked paths behind us  
now!

Pass on with steadier purpose on our  
brow,  
To better deeds, O friend!

Let us walk gladly, friend,  
Perchance some greater good than  
we have known,

Is waiting for us, or some fair hopes  
flown

Shall yet return, O friend.

Let us walk kindly, friend  
We cannot tell how long this life  
shall last,

How soon these precious years be over  
past;

Let love walk with us, friend.—Word  
and Works.

## DEATH AT KNIFLEY.

Of Mrs. Ben F. Tupman, Last Monday Evening, December 24th.

After many years of patient suffering, Mrs. B. F. Tupman, nee Miss Ann Thomas, of the Knifley community, passed to her final reward last Monday evening.

The deceased was about fifty years of age and a wife of Mr. Ben F. Tupman, a prosperous farmer of the Green River country. As above stated, Mrs. Tupman had been in delicate health for a number of years, but her great suffering was endured with patience known only to those who are born of the spirit. Her lovely Christian character will be a source of pleasant remembrance to the bereaved relatives and friends.

The interment was at the family cemetery, witnessed by a large course of sorrowing friends.

The heart broken husband has the sympathy of the entire community.

### The Adair County News.

Published Every Wednesday

... BY THE ...

### Adair County News Company.

INCORPORATED.

### CHAS. S. HARRIS - - EDITOR

Democratic newspaper devoted to the interests of the city of Columbia and the people of Adair and adjacent counties.

Entered at the Columbia Postoffice as second class mail matter.

WED. JAN. 2, 1907.

To 1907 the News makes its bow and extends to its many readers the compliments of the season. To 1906 it can only say farewell, and farewell forever, for it has done its work, kept the faith and exerted the vim that sustains vigor and enterprise where less determination would have impaired and retarded the end to be obtained—the aiding in making our section of the State better and more progressive. In reviewing the year just closed, the News has the consolation of feeling that it has done its part in an honest effort, for better public conditions, for the building of a stronger and more active popular endorsement of local progress and development, and while so doing to go hand in hand with the doctrine it preached. None of its regular readers can doubt that its chief purpose has been the advancement of this section and to enjoy a more rapid and fuller development of itself—to become a stronger factor in the awakening and building of Columbia, Adair county and Southern Kentucky in General. It gave its best efforts to the many who read it and paid the dollar, as well as to those who perused its columns, and dodged the responsibility of paying, and the many compliments and few criticisms that have reached the place of its abode, leave the conviction that it has fairly well measured up to an intelligent requirement from a progressive people. While some of its efforts have been like chaff before the wind, yet some have proven weightier, and are bringing good results. In greeting the New year the News can not promise more than in former years, in purpose and effort, but its facilities are better,

and from that viewpoint the announcement is made that it will contain more local news, fresh from the source of happenings, than in any year of its past. In 1907, as in 1906, its manner of living and efforts to advance its surroundings and give hope and cheer, will not be dimmed by inactivity. In giving a full report of the happenings during the year just closed, it concedes no superior in the local field, and hopes by unremitting effort to be surpassed only by fuller reports in its own columns. The News cannot exist on a mere pittance—it cannot thrive on mere promises. It must have the unstinted support of the many who believe that a paper is a fair index of its surroundings. Through its checkered career of the past it has successfully met its obligations to the public, and tried to discharge its duties in an open, honest and impartial manner. It does not believe in obtaining money or prestige under false pretense, and will do its best to give full and complete value for every dollar it receives in every department of its service, in its future efforts, so long as its present manager holds the steering wheel. Its editor, however, does not assume the full weight of so great a task, nor does he claim its prestige in the past, for his able assistant, Mr. S. F. White, has already demonstrated his worth and adaptability in collecting and presenting news in a spicy and attractive manner. In fact every department is up to the best standard of efficiency, save page 4, and to this fact as well as proper guidance, its friends may rest assured of good service. The year just past scored the highest point for the News, in business and substantial growth of any like period of its existence, while the present starts with more evidence to brace up the hope and belief that 1907 holds in store even more than the prosperous past. For the substantial patronage of the past and for the many compliments given its editor, it is truly grateful. It is your paper, and our responsibility; it is your privilege to sustain it, and our duty to run it. It is making a hard struggle for the common good, and will do its duty, as it appears, regardless of criticism or praise, and in so doing hopes to merit an increase in patronage. With good will for all its readers and patrons in ev-

ery department, the News extends it New Year greetings.

Respectfully,  
C. S. HARRIS.

The people living beyond Russell Creek in the section of the Greensburg road are getting tired of the disadvantages of high water and no bridge, and an effort will be made at once to present the importance of a bridge at that point, at the next meeting of the Fiscal Court. Those acquainted with the true conditions have no doubt that the Fiscal Court will do its part toward building a bridge, when its members understand the importance and worth of a bridge at that point. On the other hand the ones most directly interested and benefited by its building, should get to work in earnest, and be in position to meet any reasonable demand of the court. In keeping with the requirements of the court, in the building of bridges at other places, several hundred dollars must be contributed. If this is to be secured, it is time the work was being pushed, and if the people expect a bridge this year, it is absolutely necessary to meet the court with an inviting proposition. A bridge is badly needed there, and should be built.

**A GREAT SUCCESS.****The Masonic Banquet Was a Very Enjoyable Occasion.**

The banquet given by the Columbia Chapter and Columbia Lodge, last Friday evening, in the Lindsay-Wilson Dining Hall was a success in every particular, except the attendance of those living in adjoining counties and in this county outside of Columbia. This was due to the inclement weather and not from the lack of desire on the part of the absent brethren to attend. At any rate there were about seventy seven present including the ladies, and the programme was carried out as designed.

The speeches were highly entertaining and displayed good judgment on the part of the committee in the selection of subjects and the proper assignment of them. The menu was all that could be desired and the service equal to such an occasion. Had the weather been favorable the attendance would have been much larger, but for genuine enjoyment the number present could not have been better suited in a larger hall. The meal feast is over and all fortunate enough to attend will have pleasant recollections of it as a feature binding them closer together. "Behold how good and how pleasant for brethren to dwell together in unity."

**ADAIR FURNISHES PLUCK.**

Mr. W. L. Grady, of Gradyville, who recently returned from an extended stay in Texas, was in to see us Monday, and stated that his visit was one of the great treats of a life time. He found all of his relatives and friends in good health and in a prosperous condition and in full love with their progress and surroundings. Mr. Grady failed to meet a single Kentuckian in that section who was not progressive.

As he states it, Adair County furnishes the pluck and Texas the opportunity and a meeting of the two is full of great results. He also stated that he found the news at nearly every home he visited and none willing to give it up, as a proof of this he turned in the cash trusted to his care to keep the news going to several of his friends.

**PUBLIC SALE.**

## FROM OAKLAND, CALIFORNIA.

## Editor News:

If you will allow me a little space in your columns, I will attempt to give you a few of the happenings, and also tell you what I have seen during my stay in California.

Oakland is only five miles from Frisco, and any one can catch a ferry boat every 20 minutes across the Bay. The Southern Pacific Company have cars that will take you to the ferries, and there is also an electric line that runs out across the bay about three miles, and there makes connection with ferry boats, so this almost makes Frisco and Oakland as one, only five miles of water between.

There is not much need of me attempting to tell anything about the ruined city, only it is as bad as you can possibly picture it in your imagination. People who have never viewed the ruins, think newspapers have quoted it wrong, but after they spend a day or so in Frisco they will certainly change their minds when they see 20 square miles of wreck and ruin, which amounts to about \$25,000,000, and the number of persons rendered homeless about 75,000.

The people who were indeed homeless and without money, fell to the mercies of the people of the United States, and you might say the whole world. They still live in tents and temporary quarters, and the question now is, how are the authorities going to get the people who are living in the parks and other places to find more suitable homes? Frisco is rebuilding beyond any ones expectations. Carpenters receive \$5 for 8 hours, and I could not tell how many carpenters there are in Frisco and Oakland, but I think there are about 5,000, and you can imagine the amount of money being spent for labor. I will close for this time, hoping to be able to see my old Adair county friends sometime, and tell them all about Frisco.

Respectfully,  
CHESTER L. COLLINS.

**The Charming Woman**  
is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires: neatness, clear eyes, clean smooth skin and that sprightliness of spirit and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth, velvety skin, beautiful complexion. Guaranteed at T. E. Paul, Druggist 50c.

Mr. W. O. Loy, who was married to Miss Leora Helm, a short while since, has moved in our midst. Mr. Loy is a gentleman and we are glad to have him with us as a neighbor.

The school at this place taught by Mr. Robert Able will be out on New Years day, and a big treat is expected by the pupils.

Mr. G. R. Wilkerson passed here last Saturday on his way home.

## RUSSELL SPRINGS.

Connor Bros., are making preparations at the Russell Springs Hotel. They will be able to care for the traveling public, as well as to provide for many boarders in our school.

The exercises by the Sunday School class held at the Methodist church on Christmas day was a complete success. The house was crowded to its utmost capacity, and the behavior was perfect.

Our Academy opens Tuesday, January the 1st, and students are already coming in making arrangements to start on the first day. The outlook for a large school has never been so flattering as now. We all predict a large enrollment. The entire faculty is ready, the house is well equipped, and students are anxiously awaiting the time to begin.

Mr. Frank James is erecting a residence for Sherman Wade in the Longstreet vicinity.

Prof. J. C. Popplewell has returned from a three weeks visit to Illinois.

Winfield Grider and Miss Golda Hadley eloped on the evening of the 25th, we are informed. Both are excellent young people, and their age was the only objection.

"They like the taste as well as maple sugar" what one mother wrote of Kennedy's Laxative (containing) Honey and Tar. ## MONTPELIER.

A very happy New Year to all. As usual X-mas passed off quietly with nothing eventful taking place.

Most all our teachers closed their schools and spent the holidays at their respective homes.

A lot of ammunition wasted and "some" game killed has been the order of the day.

We have not heard any complaint of dust lately.

Miss Ruby Jeffries' school closed the 14th of Dec., with very interesting entertainment in the afternoon. All who took parts in the exercises acquitted themselves creditably and Miss Nora Sanders deserves special praise for the manner in which she recited "How Betsey Jane got high culture."

Mr. Forest Bradshaw paid his parents a visit during the holidays.

## A Memorable Day.

One of the days we remember with pleasure, as well as with profit to our health, is the one on which we became acquainted with Dr. King's New Life Pills, the painless purifiers that cure headache and biliousness, and keep the bowel right. 25c. at T. E. Paul's Drug Store.

## A Wonderful Happening.

Port Byron, N. Y., has witnessed one of the most remarkable cases of healing ever recorded. Amos F. King, of that place says: "Bucklin's Arnica Salve cured a sore on my leg with which I had suffered over 30 years. I am now eighty five." Guaranteed to cure all sores, by T. E. Paul, Druggist 25c.

Clean up the complexion, cleanse the liver and tone the system. You can best do this by a dose or two of DeWitt's Little Early Risers. Safe, reliable little pills with a reputation. The pills that everyone knows. Recommended by Dr. J. N. Page, Columbia, Ky.

Nearly every person who is subject to attacks from the stomach suffers from a morbid dread of a dietary treatment for relief, that is three-fourths starvation, and one-fourth toast and milk. On the other hand you can eat as you please and digest the food by the aid of a good digestant, thus giving the tired stomach equally as much rest. Eat what you please and take a little Kodol For Indigestion after your meals. It digests what you eat. Sold by Dr. J. N. Page, Columbia Ky.

**MT WASHINGTON, Ky.**

Below we publish a private letter from Rev. Jesse L. Murrell, knowing that his many friends in this part of the state will appreciate the sentiment expressed and that they will rejoice over the fact that he is so pleasantly located and doing and enjoying much good work.

The compliment given the News is but a secondary matter, but one which its editor enjoys, and in keeping with the noble purposes of its writer and his high ideals of living is one which any man should highly appreciate. It is as follows:

Editor News:

Enclosed find check for \$2. for which you will please send me your paper and the Louisville Daily Herald for one year, for I really do not feel that I can afford to be without your excellent paper, The Adair County News, for the name is no misnomer but it is full of just such news from my old county as I want, and it contains much news from neighboring counties which is of much interest to me.

How many of the citizens of Columbia and surrounding country have passed from earth since I left there five years ago last fall, and many who yet live are gone to other states, yet the town continues to grow and flourish and long may this town, dear to my heart, live and grow to bless the county dearest to me because of the many hallowed associations of earlier years.

I am moving on pleasantly at Mt Washington. I have but three appointments, which is a small work for me, and they are all within less than one hours travel of each other.

My work paid in full on everything last conference year, and I am hoping for nothing less the present year, in fact we went beyond our assessments on the Conference collections last year and hope to do still better this year.

Yours very truly,

JESSE L. MURRELL

Long Live The King!

is the popular cry throughout European countries; while in America, the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung Remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass., says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats, and all other remedies have failed; and for all colds and colds it's the only sure cure. Guaranteed by T. E. Mr. W. L. Grady, who has just returned from Texas, informed your reporter of meeting with our old friend M. W. Roach, formerly of this place, who has been down in the Lone Star State for several years, and has accumulated a vast amount of this world's goods and is a constant reader of the Adair County News and to show his appreciation for this valuable sheet handed Mr. Grady one dollar in cash to hand to your reporter for the editor, also stating that his great desire was for your servant to handle some of his own hard earnings down in the Lone Star State. We are glad friend Martin that you landed in a section where money is plentiful and the air you breathe is pure Democratic. We trust that your life may be long and more successful in the future than it has in bygone days and you will continue to re-

member your old friend back in Kentucky.

The singing at this place on last Saturday night and Sunday conducted by Mr. J. S. Stapp, of Columbia, was well attended taking the extreme cold weather into consideration. The singing was excellent and we must say the pieces rendered by the children on mission work could not be excelled. We take it that the day was pleasantly spent by every one present and will long be remembered. We would be glad for Mr. Stapp to come again in the near future as it goes without saying this community loves good vocal music.

On last Wednesday on the return of Rev. G. Y. Wilson, wife and son, from Breeding, to their surprise they found the parsonage filled to its utmost capacity with the people of this town and community, who had prepared for them, during their absence, a surprise dinner consisting of every thing that is good. This was one of the most bountiful repasts that your reporter has ever had the pleasure of attending. There was sixty dined and we feel safe to say that on this bountiful occasion there was more than enough left on the table to feed as many more. In the afternoon the children of this town and community were called together and were highly entertained in a candy pulling. The day and evening will long be remembered by both old and young for the great happiness of these hours. Bro. Wilson at the close of the occasion called all the children together and gave them a lecture on Christmas, after which he offered prayer. The little folks with a few of the old folks that remained, returned to their homes feeling glad for this great day.
